WHAT HAVE OTHERS SAID

A belated thank you for all your endeavour in getting the school bus situation straightened out. We appreciate it and are grateful that there are representatives on the Board that do care.

Bruce & Lena Bond

I'd like to thank you very much for all of your concern and the fact that you spoke on behalf of the parents in our neighbourhood. I can't imagine how much red tape you have to snip your way through in your position, and really appreciate you going to bat for us.

Karen Kantomaa

Thank you again for all your efforts. I know this isn't your specific ward, however you treated it like a concern from one of your own constituents and provided some very valuable insight into the busing policies and were also incredibly speedy in helping find a resolution.

Tony Doyle

Thank you so much for all your help and time with our situation. We are so thankful for everything you did on behalf of our family.

Christine & Brad Lampert

You have so much to offer at the board table. You look at issues from many standpoints and always have everyone's best interest at heart.
